

Policy Name: Curriculum Planning - SCHS
Policy Number: ACA 3.02
Owner: Campus Director & Dean of Academic Affairs - SCHS
Policy Type: RHEI/Shared Services BSMCON SCHS SOMI
Approved by: RHEI Leadership Team
Effective Date: 8/1/2024
Version: 2.0
Policy Status: Approved

I. Policy

Curriculum Planning

II. Purpose

The purpose of this policy is to provide guidelines for planning student progression through the Associate of Applied Science programs at Southside College of Health Sciences. The programs publish suggested curriculum plans that illustrate the sequencing of courses in a manner that represents pre- and co-requisite course requirements.

III. Scope

This policy applies to all students of SCHS as defined.

IV. Definitions

None.

V. Policy Details

Upon admission, each student is registered for all courses on the curriculum plan. Students who remain registered in the originally scheduled plan will have guaranteed matriculation in the program. Students who veer from that original registration plan will collaborate with their Student Success Advisor to revise their registration plan. The revised registration plan is subject to approval of the Program Director. If the revised plan is approved, the student will be re-registered for all courses on the revised plan.
